

Joomla! in Action

Joomla! is used all over the world to power everything from simple, personal homepages to complex corporate web applications. Here are just some of the ways people use our software:

- Corporate websites or portals
- Online commerce
- Small business websites
- Non-profit and organizational websites
- Government applications
- Corporate intranets and extranets
- School and church websites
- Personal or family homepages
- Community-based portals
- Magazines and newspapers
- the possibilities are limitless...

Joomla! can be used to easily manage every aspect of your website, from adding content and images to updating a product catalog or taking online reservations.
